NUMERO UNO

**KWPN
PREFERENT**

Dear breeders,

We are proud to present to you the new stallion catalogue of De Wiemselbach 2016. Another year, in which we can proudly reflect and look upon the performances of the descendants of our stallions. Besides the many successful offspring of our world class stallion and horse producer Numero Uno, more and more talented descendants of our stallions Ustinov, Upgrade, Van Gogh and L'Esprit are noticed in international show jumping.

Our strategy to once again cooperate with Marco Kutscher has paid off tremendously during the past year. We are proud of the successes Kutscher has had with Van Gogh in 2015. Victories in the GCT Valkenswaard and the LA Masters give our stable and stallion company a positive direction to develop and invest in new and interesting stallions. A good example is the very appealing Hanley. He is sired by the great show jumper Tornesch, out of the championship mare Charisma, a daughter to the famous show jumping stallion and horse producer Cornet Obolensky. The dam line continues with the world class stallions Ramiro and Voltaire. Hanley allows us to offer an even bigger diversity in genetic material within our current stallion base. The renowned genetics of Cornet Obolensky are especially interesting, since this stallion can be seen as one of the most influential horse producers at this moment.

Our relatively new stallions from the G-line including, Great Blue, Grodino and Connect are developing very positively. Not only was there a very positive critic of their first crop of foals, their improvements and successes in the sport are also notable. We have great hopes that these stallions will develop into great show jumping horses and we will assist them in every possible way in becoming so.

After last year's recognition Ustinov received from the KWPN in achieving the "Keur" predicate, this time it was Van Gogh who was awarded with the same honors. Because of his successes in the sport, the high percentage of mares standing out in ability tests and his positive breeding on exterior, movement and show jumping aspects made the Dutch Studbook award Van Gogh with this prestigious title.

Also outside of the Netherlands the success of our stallions has not been unnoticed. At several stallion approvals in Germany and Belgium, sons of Numero Uno, Ustinov, Van Gogh, Solitair, Whitaker and Tornesch have been approved for breeding.

In order to help counteract the effects of the current economic climate, we will be increasing our competition dates in 2016, in order to enhance the profile of our stallions on the international stage. This in turn will create more awareness for their offspring which will increase the market value for breeders.

By offering you these carefully selected stallions that are bred out of the best European bloodlines, we hope to welcome you as our customer for this year's breeding season. We look forward to speaking with you with regards to the choice of stallions for your mares and to assist you with your breeding program.

Kindest regards,

Family Horn

de Wiemselbach

DE WIEMSELBACH

BREEDING

De Wiemselbach offers you stallions out of the best and most interesting European bloodlines. At our stable we breed our own mares on a small scale and every year we purchase foals who will be produced and trained for a show jumping career at "De Wiemselbach". A great number of these foals have been approved for breeding in the past. Well known names are; Derrick, Daimler, Cavalier, Iowa, Lupicor, Mine Star, Liberty, Nairobi, Nijinski, Numero Uno, Ultime Espoir, Vincenzo, Van Gogh, L'Esprit, Hanley, Whitaker and Back Gammon.

SALES - SPORT

At De Wiemselbach sport and breeding go hand in hand. Horses from our stable are sold all over the world, and Stal Horn is one of the most competitive show jumping stables in the Netherlands. Our stable houses on average 30 horses for sale, from foals to experienced show jumping horses.

If you have any questions,
please feel free to contact us.

NUMERO UNO Pref

LIBERO H x LORD CALANDO x AHORN HANN

KWPN 95.3822, 1.69 m, bay, 1995

Breeder: M. van Deurzen, Rips

Numero Uno completed his performance test triumphantly: he received a 9.0 for canter and scored an average of 8.5 for jumping components. His explosive takeoff earned him 9.0 points. Dam Jolanda, like the Olympic showjumping stallion Lux, descends from **Lord Calando**. Grand dam Feinschnitt (Ahorn Hann) supplied, in combination with Gondelier, the national showjumping horse Kapitol, who as a five year- old gave an excellent performance in the world championships for young horses at Lanaken. The mother line continues via the well known stallion Farnese to the mare Fernsicht (Ladykiller xx), who is a full sister to the reputable stallion **Lorenz**. This famous Holstein lineage, which is registered under number 429, also produced the stallions Aldato (Anblick xx), Heidelberg (Ladykiller xx) and Benedictus (Benvenuto xx). Following a successful show jumping career with European Champion, **Marco Kutscher**, Numero Uno (pref) today has proven himself to be one of the leading sires in the world. Numero Uno, father to eleven approved KWPN stallions, is sire to many champions in international show jumping, ability tests and stallion approvals. Horses such as Tamino, Tyson, Abunola, Ammareto, and Van Gogh, who won the **GCT GP in Valkenswaard** and the LA Masters GP 2015, are very successful in international GP competitions.

LUPICOR

LUX x PILOT x COR DE LA BRVÈRE

KWPN 95.596, 1.73 m, bay, 1995

Breeder: E.H. Schroembges, Swolgen

Lupicor is bred out of the 'keur' awarded Jourdette S, a daughter of the Westphalian show jumping horse progenitor **Pilot**. Jourdette S made a worthy career for herself in show jumping, competing at national and international levels. The mare has an excellent technique and is very careful. The KWPN has approved the stallion Pitcher S, who jumps the national competitions and is a full brother to Jourdette S. The same dam line also produced the international show jumper **El Padrino** (s. Jasper) and belongs to one of the best breeding lines in The Netherlands. Lupicor is in the top of the German breeding indexes and belongs to the best stallions in Europe. He is sire to the 2006 KWPN stallion

champion **L'Esprit** (Lupicor x Landgraf I) who has strongly developed himself in a very positive way in both his International jumping and his breeding career. Other successful international showjumpers by Lupicor are: Brianda (Ali Wolff), Amethyst (Shady Ghrayeb), Lascar (Olga Chechina), Adamo (Firas Jnaidy), Zamiro (Kara Chard), Waomi (Kent Farrington) and Warrior (Djamal Rahimov). Last name mentioned also competed at the 2012 London Olympics.

UPGRADE

HEARTBREAKER x PILOT x FRÜHLING
 KWPN 01.08593, 1.68 m, bay, 2001
 Breeder: A. Florijn, Geesteren

Upgrade is a beautifully modelled son of the well known showjumping stallion Heartbreaker. In his performance test Upgrade impressed with his powerful jump and super hind technique. In addition, this stallion displayed superb movement, in walk, trot and canter. In the pedigree of Upgrade the genes of **Heartbreaker** are combined with those of the Westphalian mare Palette, a daughter of the famous Pilot. This son of Pilatus is the top stallion in Westphalia and has produced many international showjumping horses and licensed stallions. The dam line of Upgrade has its origins in Westphalia. Great-granddam Madame is a half sister to the Westphalian stallion Glücksritter (s. Grünhorn). Upgrade was very successful with Caroline Müller and **John Whitaker** in the Grand prix ring. These combinations obtained good results in respected shows such as **CSIO 5* Rome** (I), CSIO 5* Rotterdam (NL), Zwolle (NL), Aarhus (DK), Verden (GER)), Oldenburg (GER), Drachten (NL) and Maastricht (NL).

USTINOV Keur

LIBERO H x NIMMERDOR x MARCO POLO

KWPN 01.10827, 1.67 m, bay, 2001

Breeder: L. van der Veen-Belt, Heelsum

Ustinov's great exterior and jumping qualities are deeply anchored in his pedigree. His sire is the showjumping horse producer Libero H, a legend in his lifetime. Together with **Jos Lansink** this son of Landgraf I won a respectable series of World Cup competitions and Grand Prix, the highlight being his fantastic victory of the 's-Hertogenbosch **World Cup finals** in 1994. His fighting spirit in combination with his jumping skills and incredible reflexes made the stallion almost unbeatable that season. In total **Libero H** has less than 600 registered offspring, more than 80 of these are or have been competing at 1.50m or higher in international competition.

With German rider Caroline Müller in the tack, Ustinov competed successfully at international shows such as Moorsele (B), Münster (GER), Verden (GER) and Neustadt Dosse (GER). His first years of breeding have resulted in a great number of successful international showjumping horses such as Anatevka, Dustin, Blueberry and **Bestinov** who recently celebrated her first 1.60m GP placing with rider Andre Sakkakini. Due to these great results at international shows, his strong Dam line, his ranking in the KWPN jumping index and the incredible amount of predicate mares (83%) Ustinov was awarded with the keur predicate in 2015!

CONNECT

CONNOR x CONTENDER x LORD

DE 421000160711, 1.69 m, bay, 2011

Breeder: Christiane Mohr, Wöhrden

Connect was one of the most appealing stallions of the Holstein approvals 2013. With his elegant exterior marked by TB, he was one of the crowd's favorites. This son of **Connor** was not only the best jumper of his year but showed thereby also very appealing movements. In particular, the balance and strength of the gallop is remarkable.

Sire Connor is like the well-known Chel-lano Z bred from the direct dam line of

Corrado I. He is a son of the acclaimed Casall out of the regional priced mare by the legendary Cor de la Bryère. In the pedigree of Connect, we successively find the Holsteiner stallions **Contender** and Lord.

Out of this famous dam line (stamm 2067) come many 1.60m successful international jumpers. After his impressive performance at the Holsteiner stallion approvals, Connect has completed his performance test in Germany and Holland. Connect, a modern bloodtype stallion stood out in both of these ability tests, receiving high scores for his jumping and movement skills. At the ability test in **Schlieckau** (GER). Connect received a stunning 9.75 score for jumping talent, the highest score of all stallions that participated. During the 2016 KWPN stallion competitions his jumping skills and rideability were rewarded with a 9.0 and 9.5.

LUX Z

LORD CALANDO x AHORN Z x CALETTO I

KWPN 88.8591 (Hannover 31.97736.88), 1.68 m, bay, 1988

Breeder: Stoeterij Zangersheide, Lanaken

Lux Z is one of the most successful stallions in international showjumping. With Jerry Smit, Lux Z participated in the **2000 Sydney Olympics** and he won the Pulsar Crown competitions in Valkenswaard and Cannes. This brought Lux Z's total winnings to more than a million euro.

His sire, Lord Calando (s. Lord), is just like the world-famous jumping stallion **Carthago Z** (s. Capitol I), bred out of Perra (s. Calando I).

Lux Z was bred out of the Holstein mare **Apocalypse Z** (s. Ahorn Z), a product of lineage 2543. This famous Holstein family was also responsible for the licensed stallions Lavallo, Lasino and Lone Star. Lux Z not only produced many foal and mare exterior champions, but also very promising sport horses and licensed stallions.

His most well-known offspring are, amongst others, the mare **Utascha** (Lux Z x Indoctro) and the stallion **Tornesch** (Lux Z x Libero H), they belong to the best show jumpers worldwide.

In addition to jumping ability, Lux Z also anchors his type and movements in his offspring.

TORNESCH

LUX Z x LIBERO H x CALETTI I

KWPN 0000530, 1.67 m, bay, 2000

Breeder: A. Noordhof-Nieborg, Kropswolde

This son of Lux Z is one of the most successful horses of today in the international showjumping ring. Piloted by Swedish showjumping rider **Malin Bayard**, this spectacular bay stallion placed at Grand Prix and World Cup shows of Barcelona, Stuttgart, Helsinki and Falsterbo.

Tornesch's excellent pedigree goes back to three of the world's best stallions in a row: Lux Z, **Libero H** and Caletto I.

In Tornesch's dam line we find among others the international showjumping horses Lennox and Pinkfloyd de Maibelle. Tornesch his first crop of offspring born in Holland looks to be very promising. At the 2015 KWPN stallion show several talented showjumping stallions displayed their skills. The 4 years old **Hanley** (Tornesch x Cornet Obolensky), who combines an interesting pedigree with a fantastic modern bloodtype was one of the public's favorites and has recently been approved by the KWPN studbook.

Tornesch is approved with the KWPN, Oldenburg, Hanoverian studbook and Holsteiner studbook.

VIVANT VAN DE HEFFINCK

FUEGO DU PRELET x LANDINO x HEDJAZ

BWP W00174835, 1.71 m, brown, 1998

Breeder: H. Hamerlinck, Evergem

With Chris Chugg from Australia Vivant was successful in many Grand Prix competitions and the stallion successfully competed in several Nations Cups and the Olympic Games in **London 2012** with Katharina Offel.

The pedigree of Vivant's sire Fuego du Prelet contains the famous blood of **Jalisco B** and Alm  . The damsire Landino goes back to the Holsteiner stallion Landgraf and Ramzes. There are many successful jumping horses out of Vivant's damline, for example McLain Ward's Sapphire, Otterongo and Urbanus, and numerous licensed stallions.

Vivant with Cassio Rivetti

Vivant, now 18 years old and son to Fuego du Prelet, impressed many with his performance at the European Championships in Aachen last year. Clear rounds in the first qualification as well as in both **Nations Cup** rounds made him stand out! This reflects the soundness and character of Vivant!

It is remarkable that out of just a few coverings many offspring of Vivant successfully compete at 1.60m international show jumping level.

VAN GOGH Keur

NUMERO UNO x BERNSTEIN x BURGGRAAF
KWPN 02.04840, 1.71 m, bay, 2002
Breeder: MTS. Stultiens, Weert

Van Gogh was the undisputed KWPN performance test champion of 2005. During the last years no other KWPN stallion has received as many points as Van Gogh at his performance test.

This son of **Numero Uno** was not only rewarded for his great jumping skills but also his fantastic movement. The dam line of Van Gogh produced several international showjumping and dressage horses. Some examples are the spectacular jumper **Der Senaat III** (Abdel Said) and the impressive KWPN stallion Charmeur (Emmelie Scholtens). Offspring of Van Gogh are known by their very appealing types, good movements, ride ability and excellent jumping skills.

Out of his first crop of offspring we already find many 1.45m and 1.50m successful international showjumping horses.

It is also worth mentioning the 9 year old gelding **Cosmo** (Van Gogh x Frühling), one of the most talented German dressage horses, who was recently added to the short list for the 2016 Olympics in RIO.

The 2015 show season was a tremendous success for Van Gogh and Marco Kutscher, winning the **GCT GP in Valkenswaard** and the CSI5* LA Masters GP. These great performances have resulted in this combination being preliminary nominated for the **2016 Olympics in RIO**.

GREAT BLUE

PLOT BLUE x LIBERO H x CONCORDE

KWPN: 11.06522, 1.72 m, bay, 2011

Breeder: G. Kouwen, Dalfsen

The interestingly bred Great Blue has been approved by the KWPN studbook in the spring of 2014. The bloodtyped darkbay stallion is the first approved stallion by the legendary jumping stallion **Plot Blue** who has been extremely successful during the past years with German rider **Marcus Ehning**.

On the dam side we find the "ster preferent" mare Nibero, a daughter of another showjumping legend; **Libero H**. Via KWPN stallions Concorde and Zevenaer the dam line goes back to Zaline, a mare by Farn. Also here we see the successful combination of Libero H and Farn, who both have the important mare **Dorette** in their pedigrees.

Great Blue: Zuidbroek 2016

During his KWPN performance test Great Blue was praised for his jumping technique, huge scope and **powerful** canter. Besides that the stallion received compliments for his rideability and willingness to work. In 2015 Great Blue presented his first offspring. The KWPN foal report speaks of a homogenous group of well built foals, who all show a powerful light-footed canter.

GRODINO

ELDORADO VAN DE ZESHOEK x CELANO x CONCORDE

KWPN: 11.08062, 1.71 m, grey, 2011

Breeder: J. van Loon, Valkenswaard

Grodino is the first KWPN approved stallion of the international showjumping stallion **Eldorado vd Zeshoek**. His dam is a daughter of the well-known horseproducer Celano. Grand dam is the mare Morina, a daughter of the awarded Concorde out of a mare by the English Thorough blood stallion Mytens xx. At the base of this dam line we find Korina, a daughter of Gondolier and mother to the famous showjumper Dorina (s.Transvaal) who was successful with German rider **Franke Sloothaak**. Also Othello, one of the best puissance horses at that time is a direct descendant of Korina.

Grodino: Den Bosch 2016

During his performance test Grodino displayed his jumping skills and was awarded with high grades for jumping technique, scope and overall ability. The report mentions:

"A powerful and balanced canter, good and fast jumping **reflexes** and both a good front and hind end jumping technique. As a showjumper Grodino shows lots of ability and provides his rider a good feeling".

KANNAN

VOLTAIRE x NIMMERDOR x LE MEXICO

KWPN 92.4130, 1.74 m, bay, 1992

Breeder: Mw. M.G. Kramer-van de Meer, Oud Beijerland

Kannan and his French rider Michel Hécart won the 'Classic Circuit' in Belgium when he was six years old. One year after, this combination won the Belgian Championships and was successful at the WC Young Horses in **Lanaken**.

In 2000 Kannan started his international career and won a.o. the Grand Prix of Deauville in 2003. Furthermore the stallion was in the **French team** which won the overall Samsung Super League in 2003 and 2004. In 2005 the duo Kannan and **Hécart** became French Champion and participated at the EC in San Patrignano.

The genes of outstanding sires as Voltaire, Nimmerdor and **Le Mexico** are found in his pedigree. He inherits his exceptional jumping abilities to his offspring. Nino des Buissonets won the gold medal at the **2012 London Olympics** with Steve Guerdat.

In addition Kannan offspring such as **Molly Malone** (Bertram Allen), Diva II (Ben Maher) and Quabri de L'Isle (Pedro Veniss) are competing at the highest levels in our sport.

Offspring of Kannan are known for their power and scope at the jump. In 2012 Kannan was accepted by the KWPN studbook.

HANLEY

TORNESCH x CORNET OBOLENSKY x RAMIRO x VOLTAIRE

KWPN 12.04250, 1.69 m, bay, 2012

Breeder: M.C G. van den Oetelaar, De Moer

The bloodtyped, well modeled and very appealing stallion Hanley is the first KWPN approved son of the international showjumping stallion **Tornesch**.

Tornesch has been a driving force behind the Swedish national equestrian team, with his rider **Malin Baryard Johnsson**.

On the dam side we find the elite- and champion mare Charisma, a daughter to the world class horse producer **Cornet Obolensky**. Charisma was regional champion of Noord Brabant and national vice champion in the Netherlands. Grandmother **Lomein** is an "elite preferent" daughter to the well-known Ramiro Z, father to the famous **Ratina Z**. The dam line continues with Domein, a "keur preferent prestatie" mare by the influential stallion Voltaire.

Hanley KWPN HK 2015

The stallion ability test report speaks very positively on Hanley's great exterior characteristics. His big stride and **powerful canter** is light and shows a lot of easiness. Hanley jumps with good reflexes and his take off is very expressive. Hanley has a great jumping technique and gives his rider a great feeling.
